Office of Student Experience  
**DATE:** Thursday March 20, 2014  
**SUBJECT:** Teaching Assitant 2014-2015

---

Congratulations on being hired by the faculty of Mathematics here at St. Jerome's! You will be working with the faculty members of St. Jerome's Mathematics, however the faculty will most likely not notice you. Your job is done when faculty have expelled or failed enough students so as you are unnecessary (as they can mark everything). If you have any questions please contact Monica Pierce or Tristan Potter.

We'd like to thank everyone who applied and participated in the various selection processes over the last eight weeks. There is no shortage of engaged students in this community and our various leadership programs serve as a reminder of this.

Arithmetic is where the answer is right and everything is nice and you can look out of the window and see the blue sky - or the answer is wrong and you have to start over and try again and see how it comes out this time.

~Carl Sandburg
